Philadelphia, Aug. 22.-The Athletics made It three straight from St. Louis, taking today's game in a rather easy fashion. The Browns introduced a new face to the Brewery town boys in the person of a young man by the name of Kane. Mr. Kane got a warm reception and will very likely remember his treatment at the hands of Mack's men for some time to come.

Mitchell started off to pitch for the home team, but was taken out at the end of the first inning and the only "Rube" Waddell St. Louis got a great start off Mitchell,

but after Waddell came in there was nothing to it. All they could do with "Rube" In the following innings netted but one run. Kane Loses His Nerve.

Kane kept his head fairly well under the terrific fire of the hard-hitting Athletics until the sixth, when the strain and a few rather close decisions seemed to unnerve him. Manager McAleer tried to work a trick on Mack at the start, when he saw there was likely to be trouble with his new pitcher, by sending Powell back of the stand to warm up.

Mack was tipped off, and checkmated him by rushing Waddell out. That killed Mc-Alcer's chance and he called Powell to the bench telling him it was all off. So it

Burkett started off with a single and was followed by Hemphill with one in the same direction. Friel forced Hemphill at second. Anderson singled scoring Burkett. Wallace flied to M. Cross, Schreck's bluff to throw to second caused Friel to move off third. Schreck threw to third, but the ball hit Friel and rolled into the left field. Friel came home and Anderson moved on to third. Murphy fumbled McCormick's grounder and Anderson scored. Hartzel scored for the home team in the first on a base on balls, Fultz's sacrifice and M. Cross's single.

fence. Two more came in the fourth on a single by Murphy, Monte Cross's two bagger to left, Burkett's fumble and Schreck's single. Hartsel scored again in the fourth. He was safe on first on Anderson's muff of Wallace's throw, and went to second on Fultz's sacrifice. He stole third and came over the ruober when Davis singled. Six more runs were recorded in the sixth on singles by Murphy, Shreck, L. Cross and Seybold, Fultz's triple, passes to L. Cross and Hartsel, M. Cross's steal and Sugden's wild throw. Hemphill made the circuit in the seventh on his safe hit, Friel's bunt, which rattled Waddell and caused him to throw the ball to the right field fence.

Schreck ended the run-getting by making a terrific drive for a home run over Hemphill's head in the Athletic's half of the geventh. ger to left, Burkett's fumble and Schreck's

Friends of the Browns may be consoled Friends of the Browns may be consoled by the fact that the team cannot drop any lower than fourth place before they return home, for Cleveland is still too far behind to crawl into the first division on the present trip. The White Sex jumped into second place yesterday, and the Mc-Aleerites and Bostons were jammed down. The Athletics' record in the present scries is certainly a great one. They won six straight games from Detreit; won two and lost one to Chicago and took three from the Browns, eleven victories against one defeat. That is busebuil of championship caliber. Mack's men are getting a good grip on first place, but when they journey West they are going to drop.

On the strength of the recent showing of the two strong teams of the East, the Browns have a better chance at Boston than they did at Philadelphia, Boston lost two out of three to Cleveland, which team has bumped the Plymouth Rocks early and often this season. Frank Donahue will rejoin the team in Boston to-day, and will pitch the first game this afternoon. Jack Powell will work in the second, and if Harper does not look good to McAleer on Monday, Donahue may twirt the final. The Browns rest to-morrow, so that will give Donahue two days' rest between his games. Eratic as Harper is, it would seem that McAleer should work Donahue in the last game, as the Browns need every game.

Frank Selee played his Pedro yesterday, but the Bostonians held an ace, and once more the Cubs were rolled in the dust. Pedro is the name of Selee's new outfielder. His given name is probably Sanchez Frank Chance is on the how ital list again, and Selee recalled his Utah wonder—Fred Clark—from Kansas City, and played him at first base yesterday. The Cubs have taken an awful slump. They have now lost more games than they have won, and early in the season they were touted to finish second.

### LORD DERBY BEATEN AT READVILLE TRACK

of Four and Makes a New Race Record.

Pace in Straight Heats Making 2:06 1-2 and 2:06 1-4 for the Mile.

Reladville, Mass., Aug. 22.-The great surprise at the Readville track on to-day's Grand Circuit card, was the appearance of Lord Derby in the 2:07 trot.

The surprise was not carried out to the extent of his winning the race, for Ed Geers drove The Monk under the wire ahead of him in two straight heats and won, in the first heat establishing a new record for himself of 2:65%, and a new race record for Tie truck.

Although \$2,500 was offered in this trot, only four horses were entered. Ed Geers sent The Monk away first with the bunch behind. Down to the quarter they went, with Lord Derby dropping back at every stride, until he was last. The half was passed, and Lord Derby began to show speed. At the three-quarters he tried to overhaul The Monk, but it was too late, and Grers finished under the wire behind a record-breaker.

record-breaker.

The time made was 25554, and while it broke the Monk's own record, it by no means damaged Lord Derby's reputation, for when the second heat was called he was still favorite at even mone.

In this heat Lord Derby did not make the instance of laying back too far at the start, for he followed The Monk like a shadow to the three-quarters. Then began a drive by both Geers and Spear and they went under the wire with The Monk sately in the lead.

## MALARIA Invisible Means bad air, and whether it comes from the low lands and marshes Enemy to Health

of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same.

These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and billiousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various other eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it weak and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.
